ABOUT

Romi SoulPower from Stuttgart (Germany) creates a **powerful but sensitive** atmosphere for her listeners.

Latin/Afro/Tribal/House sounds for more ecstatic experiences as well as a variation of **Techno/House** vibes for powerful conscious raves.

Music is in her blood and with **over 10 years of active stage experience** as a Zumba instructor, she lives it from the bottom of her heart.

Since 2022 she's been a DJ, producing her own mixes as well as songs and thus carrying her magical gift to the outside world to put a smile on the face of others and help them to bring out their true essence.
